

ACPC Topics

Our ACPC-based COMP exams meet accreditation direct assessment requirements. As defined by the major accreditation authorities, the Accounting Degree Common Professional Component (ACPCs) include the following business topics:

- Marketing
- Business Finance
- Accounting
- Management
- Economics (Macro and Micro)
- Business Ethics in Accounting
- Global Dimensions of Business Accounting
- Information Systems
- Quantitative Techniques, Statistics, and Research Analysis
- Business Policies
- Legal Environment of Business
- Business Communications
- Leadership in Accounting

Each topic has 4-8 subject categories. Analysis includes both by the topic-level and by the subject-level.

Peregrine Academic Services is the only higher education service vendor that specifically provides Accounting Common Professional Component (ACPC)-based testing for Accounting Degree programs.

Our ACPC-based COMP exams are unique for the accounting degree programs and distinctly separate from our business degree CPC-based COMP exams, although overlapping topics can be compared between the business programs.

Inbound and outbound testing of students with comprehensive data analysis fulfills the accreditation requirements for academic

ACPC exam questions are multiple choice and true/false and each question is timed (5 minutes). We can also accommodate unique ADA needs.

Students have 48 hours and 3 login attempts to complete the exam once the exam is started. Every exam is unique and based upon a random draw from the test bank with 10 questions per ACPC topic (130 questions total). Users can take up to two breaks during the exam.

You can also create new ACPC-like topics that cover the unique curriculum

Are you prepared for the accreditation storm?

Assessment Summary Statistics		
Accounting	Inbound	Outbound

Benchmarking

Inbound/outbound assessment testing fulfills your internal benchmarking needs. We can compare your outbound results with demographically similar schools for immediate measurement and external benchmarking.

ACPC-Based Comprehensive Exam Content

We use unique material that is most appropriate for the academic degree level, with test banks specific for the undergraduate and graduate academic levels.

Service Integration

Our ACPC-based COMP exams work very well when used as an inbound/outbound direct measure assessment tool for your business academic program.

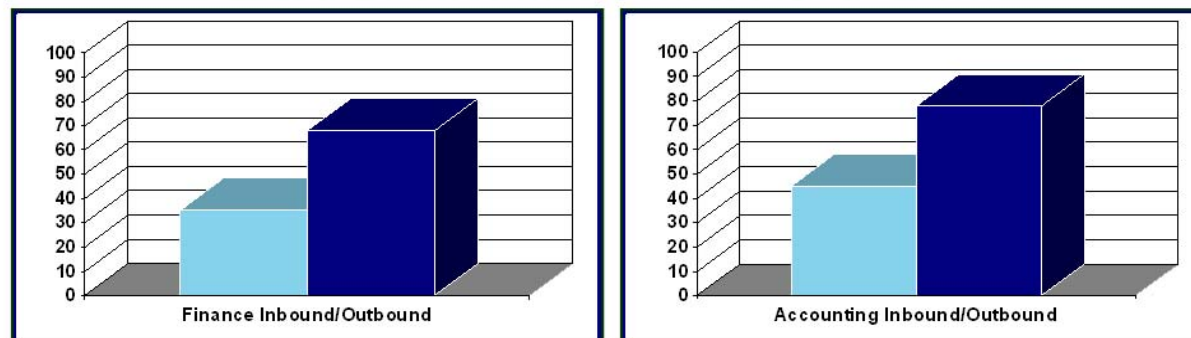

Students take the inbound exam at the start of their business program. Students the outbound exam at the end of the program. The difference in scores is a direct measure of learning.

The cumulative difference in scores is your direct measure of learning at the program level.

Program Integration and Results

Business Finance and Accounting Degree Comprehensive Exam Results Inbound/Outbound Comparisons

Insert the inbound exam early in the student's program. Insert the outbound exam at the end of the student's program. The difference in scores is your direct measure of learning outcomes achievement.

Students obtain their exam keys using a school-specific micro-site. Student self-register for their exam keys and can either check-out using our secure e-commerce process or check-out with \$0 balance with the school invoiced for exams used.

Exams are competitively priced with discounting available based on an expected annual sales amount. Typically, the exam process can be **COST-NEUTRAL** for your school when student purchase the exams directly from us or if you collect student fees for the exams. We do not have any hidden costs for set-up, reporting, or customization.

Inbound and outbound testing of students with comprehensive data analysis fulfills the accreditation requirements for academic benchmarking and program-level assessment.

Base Price and Discounting
