Business Programme Description and Student Enrolment

General Description of your Business Programme(s)

Undergraduate (Bachelors) Students

Approximately how many business students do you have in their first or second year (estimated inbound exam requirement)? _____

Approximately how many business students do you graduate each year (estimated outbound exam requirement)? _____

Graduate (Masters and/or Doctoral) Students

Approximately how many business students do you have who have starting their graduate programme each year (estimated inbound exam requirement)? _____

Approximately how many business students do you graduate each year (estimated outbound exam requirement)? _____

In total, what do you then estimate to be the annual exam requirement for all programme assessments, including both inbound and outbound exams? _____

Please describe the delivery mode of your business programme (online, on-campus, and/or accelerated/mixed mode):

Please describe the course length and approximately when do you start a new term (weekly, monthly, quarterly, semester-based, or annually):

Exam Customization

Bachelors

Select the topics you want on your bachelor's exam. You will normally have all 12 topics on the bachelor's level exam unless one or more of the following topics are not included in your core curriculum. Place an X on the topics you want to include on the exam.

1. Marketing
2. Business Finance
3. Accounting
4. Management
5. Legal Environment of Business
6. Economics
7. Business Ethics
8. Global Dimensions of Business
9. Information Management Systems
10. Quantitative Techniques/Statistics
11. Business Leadership
12. Business Integration and Strategic and Management

When will you want to begin testing? _____

Note: if you have more than one business programme with different core curriculums for each programme, you can have more than one exam. Each exam should be customized by aligning the topics on the exam with the subjects included in your core curriculum. If you do want more than one exam to cover more than one programme, please let us know by specifying the name of the programme and the topics you want on each programme.

Masters (MBA or PGDM)

Select the topics you want on your master's level exam. Most masters programmes evaluate 5-10 topics. Topic selection is based upon the core curriculum requirements for your specific masters programmes. Place an X on the topics you want to include on the exam.

1. Marketing
2. Business Finance
3. Accounting
4. Management
5. Legal Environment of Business
6. Economics
7. Business Ethics
8. Global Dimensions of Business
9. Information Management Systems
10. Quantitative Techniques/Statistics
11. Business Leadership
12. Business Integration and Strategic and Management

When will you want to begin testing? _____

Note: if you have more than one business programme with different core curriculums for each programme, you can have more than one exam. Each exam should be customized by aligning the topics on the exam with the subjects included in your core curriculum.
